Season's Sweets

Lawrence Foods' seasonal favorites will help end the year with a bang! Whether it's a big bash or a cozy evening at home, make this New Year sweet. Spending time with friends and family, while indulging in cake and treats, reminds us of the good times and good food of the past year. So pop the champagne, and put out these desserts to celebrate a fun and festive night.

- An NRA survey found that 63% of Americans would prefer to purchase a dessert from a supermarket or restaurant rather than make one, for holiday meals at home.
- Dessert is the number one last minute purchased food item from grocery stores, among those attending or preparing holiday parties this season.

On the cover: Lawrence Foods' Pink Champagne Decocrèmes® Icing is the best flavor for the New Year season. It brings bubbles and joy to mind while delivering a light, tangy champagne zing to seasonal cakes and cupcakes. Our Black Decocrèmes® Icing colored buttercream removes the guesswork out of coloring with gel or liquid while tasting and looking great.
